

These seminars are half day intensive seminar style learning experiences on specific topics that are suited for current lighting practitioners or those with lighting knowledge and deep interest. In most cases these seminars will be in person and will feature hands on learning opportunities.

Seminars in planning for 2024 include:

- Emergency and Egress Lighting and Controls
- Optics
- Color Theory and TM30
- Legacy Lamp Technology
- Dark Skies
- Lighting Controls

More detailed information will be added as planning is finalized. Please stay tuned.

Past seminars:

- Electricity for Lighting Practitioners

If you have any questions or suggestions for a deep dive topic, please contact Shaun Darragh at liteshaun@gmail.com Seattle Section Education Chair.
